WEDDING SINGER

Ceremony

Probably the most important and emotional part of the whole day. Your ceremony song choices are incredibly personal and hearing them sung live really adds a unique and special touch.

Marianne will: -

Sing the Bride down the aisle.

Sing two songs of your choice during the signing of the register.

Sing one song as the newlyweds exit the ceremony together.

Drinks reception

Once the ceremony has taken place, guests will usually be invited to enjoy a drink and perhaps some canapés whilst photographs take place. To keep your guests entertained during this period (which can take a while!), Marianne will sing beautiful background music creating the perfect ambiance to complement the tone of your wedding day.

First Dance / Evening Reception

When your guests have been fed and watered, its time to get the party started! Live music during the evening reception really helps to create an exciting, uplifting and fun atmosphere and get that dance floor filled (dad dancing encouraged!)
