

Wedding Guide

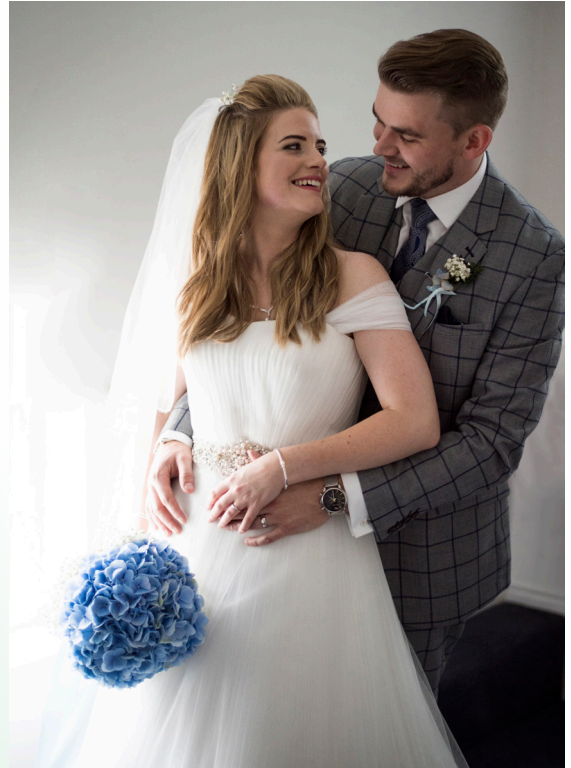

# *Let's Make Beautiful Memories!*

We're so excited that you're interested in having us photograph your wedding day!

Your photographer is one of the few people who you'll be spending all day with, so it should be someone you feel comfortable with.

We love getting to know our couples, so we can enjoy your wedding day along with you!

Hopefully this little brochure will give you a bit more information about us, and help you decide if we'll be the right fit for you.

# *Pre-Wedding Sessions*

Every wedding booked with us includes a pre-wedding or engagement photo session.

A pre-wedding session is important to us, as it allows us to get to know you. We usually suggest them taking place somewhere special to you both, where we can have a leisurely walk and a nice chat, while also taking some beautiful photographs.

It's also a perfect chance for you to get to know us a little better, and learn how we work behind the camera.

# Wedding Day!

## *Bridal & Groom Prep*

We tend to arrive a couple of hours before the ceremony time, so we capture all the preparation that goes into making your day beautiful, and because we work as a pair, we can cover both bridal preparations and groom preparations, capturing all the little details that make your day unique.

## *Ceremony*

Here we stay split up, one of us at the front, one at the back. We'll capture the bridal procession, the "I Do's", first kiss, and confetti!

## *Family Formals*

Working from a list worked up with you, we try to capture the family formals smoothly and seamlessly.

## *Signature Portraits*

This is the time when we steal you away from your guests, usually for around 30 minutes. It gives us chance to capture just the two of you. We aim to create a romantic work of art, something you'd love to place on your wall and remember your amazing day.

## *Speeches*

Whether you do your speeches before or after your meal, we'll be there to capture all the laughs and cringes! Depending on your package, this may be the point where we make a discreet exit.

## *Reception*

First dance time! We love capturing this moment, a time where you can reflect on your day and bask in the fact; you're married!!

# Frequently Asked Questions

## *How many photos will I receive?*

Depending how long we're with you, you will receive between 300 and 400 photos in the private online gallery. They're usually ready for you three to four weeks after your wedding.

## *What if the weather's bad?*

There's no such thing as bad weather! We scope venues before every wedding, and have rain plans ready just in case. Plus we carry white umbrellas!

## *Are our images 'edited'?*

Yes. We spend a long time removing exit signs and fire extinguishers, removing on the day blemishes, and making things sparkle. But we want you to look like you, we don't 'photoshop'.

## *What if you're ill, or something goes wrong?*

We work as a pair, so there will always be one of us at your wedding, and we have other photographers available to cover should the worst happen. We have back up equipment, lots of memory cards, and many contingency plans in place.
