WEDDING PHOTOGRAPHY

INFORMATION & PRICING

*'Telling the Story of your Wedding, Not Directing it'*

## My Style...

*My photography style is perfect for couples who don't want to be bossed about by a photographer by being told what to do and being put into awkward and uncomfortable poses but just want to have fun and enjoy their day!*

*Your wedding will be totally unique, so why would you want your images to look like everyone else's? That's where I believe my style excels, capturing moment's on the fly - unique moment's! Capturing them in tottaly new ways, because they haven't happend before either.*

*Conversely, a traditional photographer will deliver the same images as everyone they have shot before, because they're controlling the scenes by putting you into the same poses and asking you to re-create the same 'putting on make-up' shot they've done hundreds of times before. Suddenly, the images aren't about you, or your wedding, but instead are about the photographer; their poses and their method.*

# So what do you get?

*So I currently offer 4 unlimited packages. If you would like shorter coverage I offer photography up to 6 hours. With all my unlimited packages you will get the following:*

- Unlimited coverage - usually starting 2 hours before the ceremony and I stay late into the evening.*
- 400+ individually edited images, all by me, in my own style.*
- Your own private online gallery.*
- Your own rights do as you want with your images.*
- Wedding highlights slideshow to music.*
- No 'cheesey' images! No uncomfortable poses!*
- Fully insured photographer.*

**\*\* I am unable to reserve or hold any date without a signed contract and £200 booking fee paid \*\***

## What about Group Shot's?

*I certainly do group shots but not all couples want them. If you do just be aware group shots can sometimes be a long drawn out process especially if couples want a lot and their guests get bored waiting for their photo and decide to disappear to the bar.*

*If you do require group shots please try and keep these down to a maximum of 8 - 10 groups in total. These are also done in a very relaxed way. I will not form you up into cheesy heart-shape's etc, that's just not me!*

*Also if you can nominate a person (usually the best man) who is prepped with the list of groups to round up the guests that would help massively.*

# NO POSING? YEAH...YEAH!

*That's right, for your couple only images if you want them and i recommend you do, I'm not one of those photographers that will move you into awkward positions, I won't tell you to pose in a certain way but what I will do is just ask you to go for a walk together or to go and stand in a certain location and just be yourselves whilst I capture some amazing photographs of just the two of you.*

*This also gives you time to get away from it all and have a little quiet time together as newlyweds.*

# FAQ'S...

**How long do you stay on the day?** - With my half day collection, I stay up to 6 hours and all my full day collections come with unlimited hours, I don't pack up and leave straight after the first dance like other photographers!

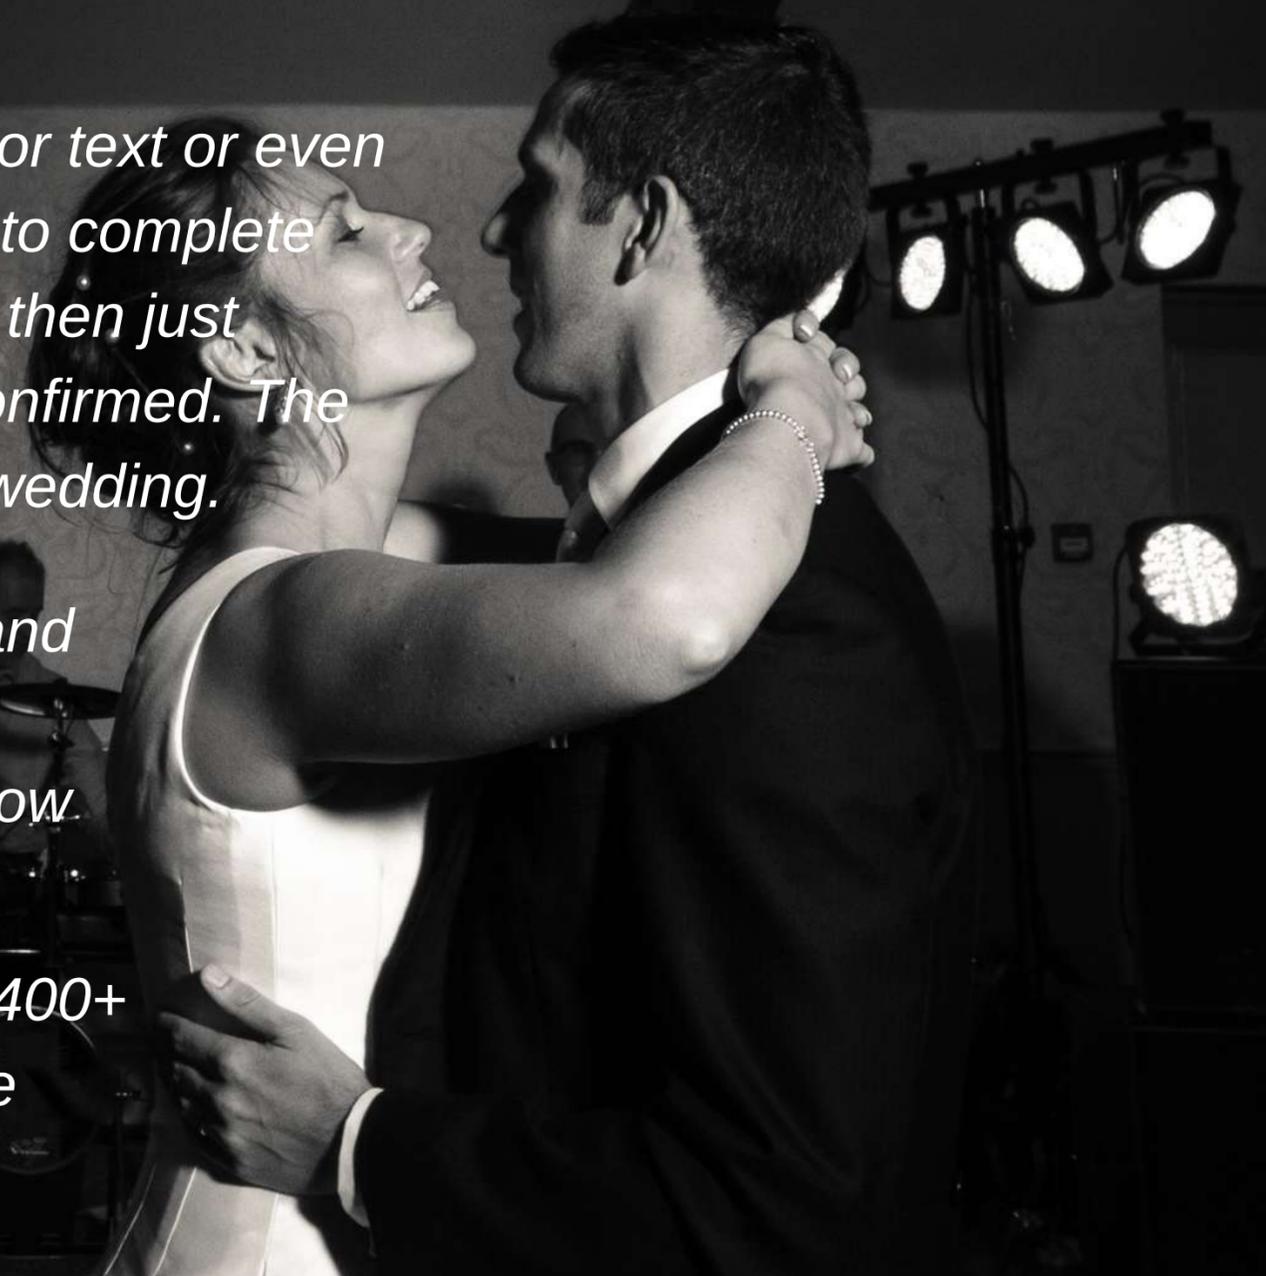

**Can we print our own photos?** - Of course!! You can do whatever you like with them but you just can't re-edit or sell them.

**Are you insured?** - I have full liability and indemnity insurance.

**How do we book you?** - If you want to book me please email, call or text or even get in touch via the website. I will email you an online booking form to complete followed by an online contract to sign. Once the contract is signed I then just require your booking fee of £200 to be paid, only then is the date confirmed. The remaining balance can be paid anytime up to 6 weeks before your wedding.

**What happens after the wedding?** - I back up all of your images and then the editing process begins. You will receive a preview set of images within a few days and the rest of your images and a slideshow within 4-6 weeks if not sooner.

**How many images will I receive?** - You will expect a minimum of 400+ individually edited, high res images but there is no upper limit on the amount you will receive.

# A little bit about me!..

*I never want my couples to worry about the photography or if we will get on during the day so i think its important you know just a little about me. I also feel its important to at least chat on the phone or by Facetime, just so you know im not a complete Nutter!!*

- I'm originally from Liverpool and now living just on the outskirts of Lincoln with my partner Tracey (she wouldn't allow her photo on here!) and two crazy kids Beth & Pippa*
- Im a family man at heart and nothing makes me happier than getting a huge hug from my kids.*
- Im a big fan of the outdoors and I love travelling, especially City Breaks with New York on top of my list of next place to visit.*
- Music wise im a bit of an Iron Maiden fan, I've only seen them in concert about 15 times! But I do also like a bit of dance music too, Ibiza was my favourite holiday destination.....when I was single anyway!*
- When I get time I like to relax, usually, when the kids are in bed, I like to settle down and watch an awesome series on Netflix. I've just finished watching 'Narcos Mexico', I can't wait for series 2!! My other favourite's are Breaking Bad, Stranger Things and Better Call Saul.*

'His relaxing nature and natural talent was the perfect combination for our relaxed, city centre wedding. Nick moved through the day capturing our moments and it was so easy to forget we were getting our photo taken - letting us really bask in the moment! Nick was so kind to us both throughout the process and made us feel comfortable, happy and ultimately in the hands of a professional.'

**Lydia & Marianna**

*'Nick did a fantastic job capturing the natural magic of our wedding. Lots of natural photos taken in the moment, not posed, he caught the real beauty and happiness of the day. Nick is very relaxed and professional and puts you at ease throughout the day. Reliable and good communications ensuring all our personal needs were met. Photos received in lightning fast time and lots of them!'*
